

NATIONAL MARRIAGE DAY Canberra 16th Aug 2011

PARLIAMENT HOUSE GREAT HALL
Tuesday 16th August 2011, 10am to 12pm.

On 17th August MP's will be asked to report to Parliament the views of their electorate on same-sex "marriage".

It is now more urgent than ever to gather your friends, neighbours, church group and colleagues and come to Canberra to support natural marriage. A repeat of the numbers that attended the successful 2004 rally is what it will take to warn all politicians...

REBECCA HAGELIN

Our Guest Speaker (best selling author from the *Heritage Foundation USA*) will be speaking on "One Man, One Woman: The Future Of Civil Society"

The Marriage Amendment Act 2004 was passed on 13 August 2004. It defines marriage as: **"a union between one man and one woman to the exclusion of all others, voluntarily entered into for life"**.

The passing of this act was primarily made possible through the efforts of many thousands of Australians being prepared to defend the foundation upon which our nation stands - the family based on marriage.
